

 17TH OF
OCTOBER

Save the Date for Conference

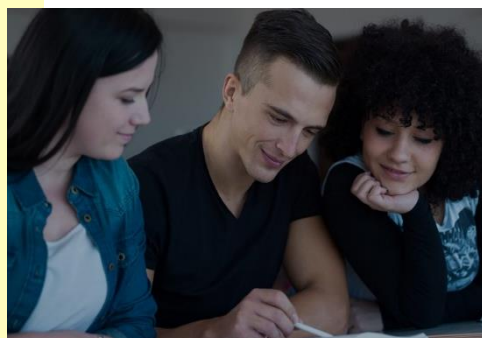

EXTENDED YOUTH GUARANTEE

FOCUS OF THE DAY

Since 2012 Swedish Association of Local authorities has run a national project and coordinated activities that prevent early school leaving. We have succeeded in our efforts at individual, municipal and regional levels. We have also raised awareness of early school leaving and measures to prevent it in the Baltic Sea Region.

After six years of active work with successful results, we feel that it is time to reveal our story and bring various actors together for a dialogue for joint efforts for young people in the EU.

We would like to put our efforts into a bigger picture and hear where should we be heading next together to address the remaining challenges.

Layout of the Day

Venue: Stockholm Region EU Office,
Avenue Marnix 28 in Brussels
